**Integrated LED solar street light**

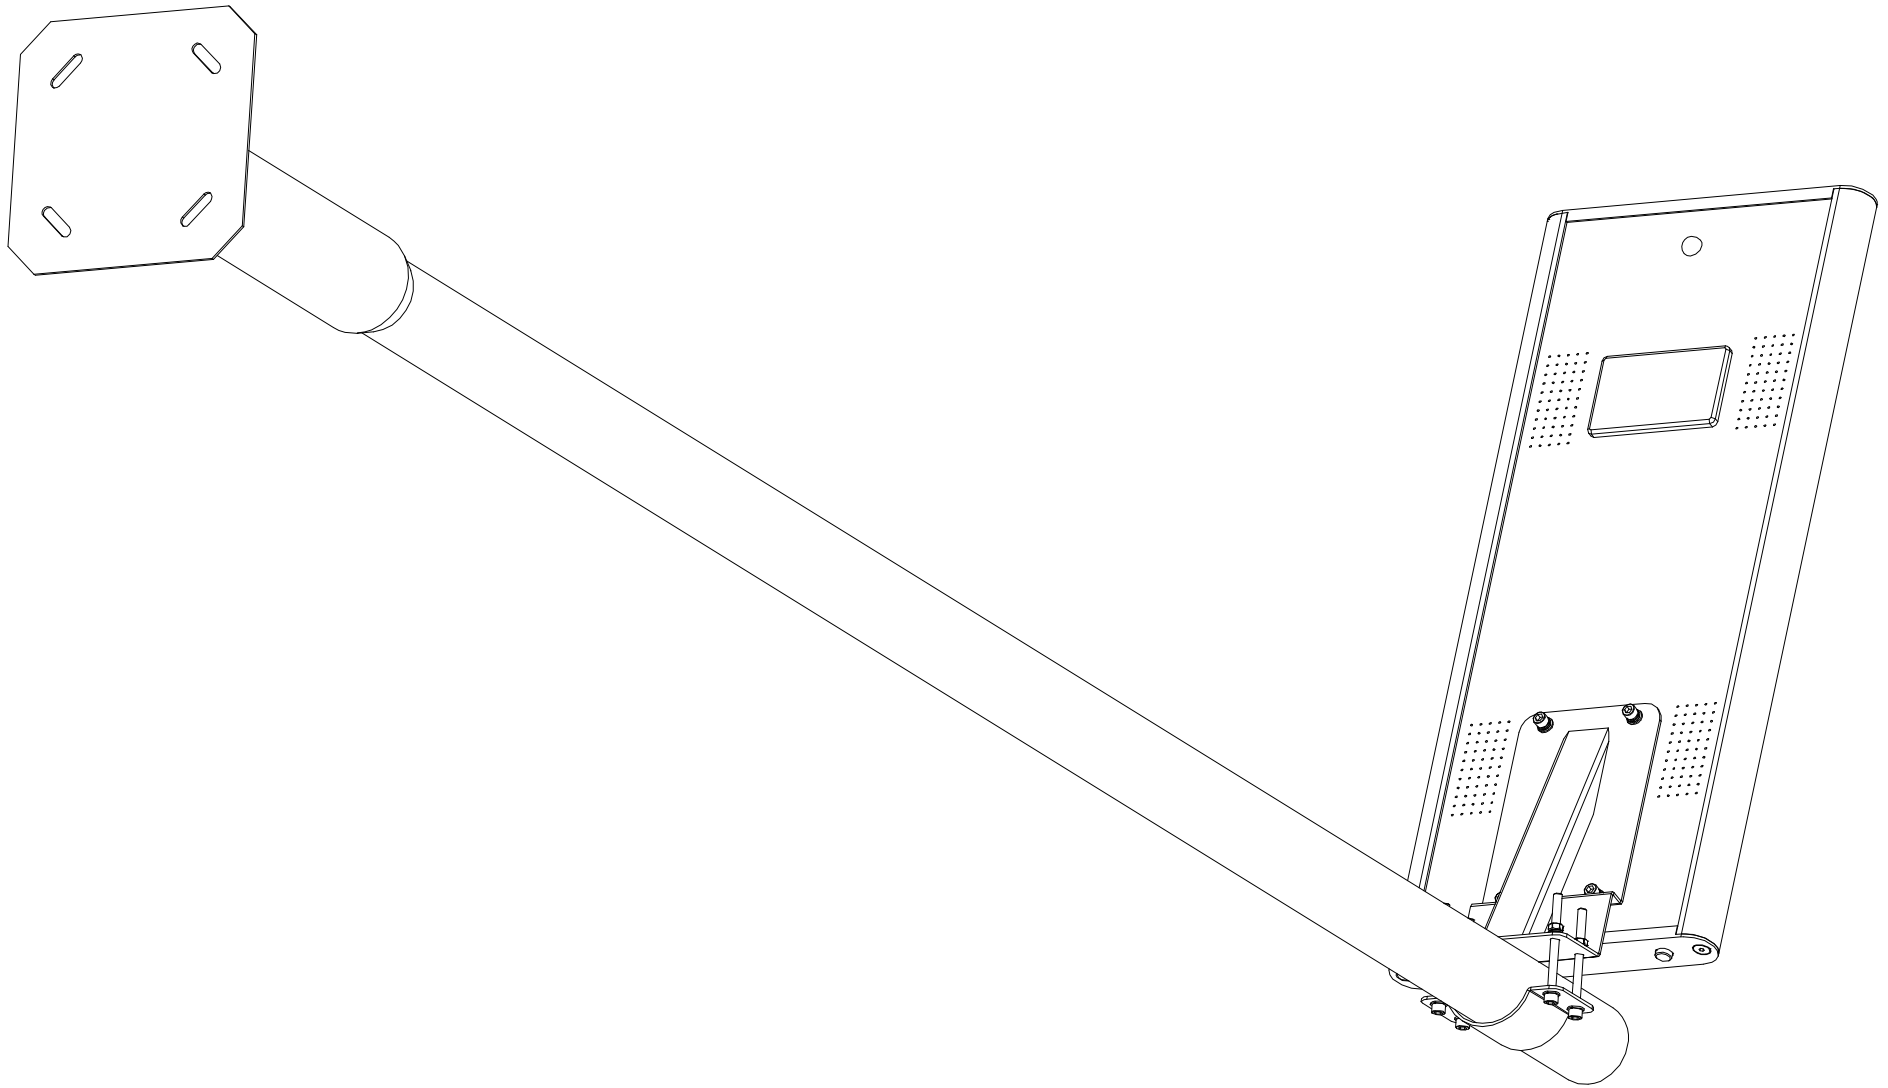

Above pictures for reference only

The image shows a promotional graphic for ZRW solar street lights. It features the company logo and contact information at the top left. Below this is a photograph of a street at night with several solar street lights illuminated. A prominent orange banner with the text "Integrated LED solar street light" is positioned in the center. To the right, five different models of solar street lights are displayed in a row, showing various pole heights and solar panel configurations. At the bottom right, there is a small disclaimer: "Above pictures for reference only".
